

VSAMainWindow::on_action
SaveSample_triggered

```
graph LR; A[VSAMainWindow::on_action SaveSample_triggered] --> B[SoilAnalyzer::Sample::Save];
```

The diagram illustrates a signal connection between two components. On the left, a gray rectangular box contains the text "VSAMainWindow::on_action SaveSample_triggered". A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "SoilAnalyzer::Sample::Save".

SoilAnalyzer::Sample
