

QCPAbstractItem::selectEvent

```
graph LR; A[QCPAbstractItem::selectEvent] --> B[QCPAbstractItem::setSelected]; B --> C[QCPAbstractItem::selected];
```

The diagram illustrates a sequence of three components related to the QCPAbstractItem class. It consists of three rectangular boxes arranged horizontally, connected by blue arrows pointing from left to right. The first box, on the left, is shaded gray and contains the text 'QCPAbstractItem::selectEvent'. A blue arrow points from this box to the second box, which is white and contains 'QCPAbstractItem::setSelected'. Another blue arrow points from the second box to the third box, which is also white and contains 'QCPAbstractItem::selected'.

QCPAbstractItem::setSelected

QCPAbstractItem::selected
