

QCItemRect::setPen

```
graph LR; A[QCItemRect::setPen] --> B[QCItemRect::pen]
```

A diagram showing a relationship between two Qt-related identifiers. On the left, a gray rectangular box contains the text 'QCItemRect::setPen'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'QCItemRect::pen'. Both boxes have a thin black border.

QCItemRect::pen
