```cpp
#include "USB.h"

namespace Hardware
{
    USB::USB()
    {
    }

    USB::~USB()
    {
    }

    void USB::ResetUSB()
    {
        int fd, rc;

        fd = open("/dev/bus/usb/001/002", O_WRONLY);
        rc = ioctl(fd, USBDEVFS_RESET, 0);
        if (rc < 0)
        {
            throw - 1;
        }
        close(fd);
    }
}
```
